COMPANY PROFILE

Foundation 1999

Founded in 1999, Jianyuanda was firstly engaged in the processing and production of plastic molds and plastic parts.

Transformation 2008

In 2008, We transformed ourselves into cosmetics mirrors. An overseas sales department was set up to export cosmetic mirrors to occidental countries.

Growth 2010

Since 2010, we provides one stop service for mirror design, mold tooling, injection, painting, printing, assembling and marketing.

Innovation 2012

Being a pioneer of led mirror, Jianyuanda transfered its business from small gift mirrors to desktop led mirrors in 2012 and started cooperation with Estee Lauder, L'oreal and other world brands.

Reputation 2013

In 2013, we made a name for ourselves by developing a number of patented products with sound, light, electricity and intelligence. The first million order by single customer was created.

Expansion 2016

With great market performance in Europe, America, Middle East, South Africa and Asia, Jianyuanda's revenue exceeded 100 million yuan in 2016.

Branding 2017

In 2017, Jianyuanda self-owned brand Fascinate began to emerge in domestic market. Soon it won many awards such as German reddot award, Hong Kong and Taiwan gold design award and Shenzhen mayor award etc.

Spanning 2018

In 2018, Dapai Mirror was established to supply home decoration mirror, bathroom mirror and outdoor mirror. Many well-known brands such as TCL are actively seeking for cooperation.

Flying up 2019

Now all Jianyuanda companies are further prospered and dedicated to create the best mirror for the Chinese people and the people of the world.

Exploring 2021

As the increasing mirror business ,the production and storing area cannot meet it. we decided to buy Zhongshan Noble industrial area after long time investigation. it is a big step and big challenge. Noble industrial area covers 100000 squaremeters including 50000 squaremeters production area . we are determined to build the mirroringdom and bring our mirrors to the people all over the world.

DEVELOPMENT HISTORY

COMPANY INTRODUCTION

Zhongshan Dapai Mirror Co.,Ltd., is a National High Technology Enterprise, also a wholly-owned subsidiary of Shenzhen JianYuanDa Mirror Technology Co.,Ltd. It was formerly known as Shenzhen Dapai Mirror Co.,Ltd., and was renamed Zhongshan Dapai Mirror Co.,Ltd. after being moved to Zhongshan City for greater development space in May 2021. The company covers an area of 90000 square metres with more than 500 employees. The Chairman of the company is Mr. Hu Zhiwei, General Manager is Mr. Liu Changwei, and Mrs. Zhang Xiaojiao is the Vice-General Manager of the company. At present, the company is one of the largest intelligent led mirror manufacturers in China, integrating R & D, mold making, injection molding, spray painting, silk screen printing, assembly and sales. The automatic production lines of glass cutting, art processing and radium carving precision engraving introduced in 2019 has improved the whole chain operation of the products, and realized the environmental protection upgrading of dust-free production and air pollution-free.

With strong advanced scientific and technological ability, novel design, exquisite technology, excellent quality and high-quality service, Zhongshan Dapai company's art mirror, intelligent mirror, home decoration mirror and bathroom mirror have become the preferred products for five-star hotels, public places and home decoration. Also we have established a good cooperative relationship with many brand companies, designing institutes, builders and building materials suppliers, to meet customers' mass order and the demand of small batches.

Enterprise Purpose:
Contributes to People's Health and Beauty.

Enterprise Mission:
Create A Mirror Kingdom, Decorate Thousands of Households.

Enterprise Spirit:
Honesty, Dedication, Innovation.

Nowadays, the young team with international vision from Zhongshan Dapai Mirror Co.,Ltd, is now being guided by our country's strategy goal "The belt and Road". To embrace the Great Bay area, connect with the health protection and the good pursuit of the people in the modern world, we would definitely strive for a better service to the society.

Competitive Advantages

- (1) Our R & D department is composed of 61 professional engineers, with the capacity of at least one new design launched onto market every month, beyond customized new products design based on their requirements.
- (2) We have total 48 sets of injection machines, 8 assembling production lines, can provide one-stop service from R & D, production, warehousing to shipment.
- (3) The Quality Inspection Department, which consists of 30 inspectors, focuses on the inspection of incoming materials, the quality control during the production process, and the spot check before the delivery of finished products, also provide the third-party inspection service, so as to deepen the high-quality control to every process.
- (4) We have at least 10000m² warehouse area for the finished products, as to help customers with a temporary storing.

Service Supports: OEM, ODM.
Our Own Brands: Fascinate, Funtouch, JooJoo.
